- INTERNATIONAL COLLABORATORS: Explore business opportunities in Indian market

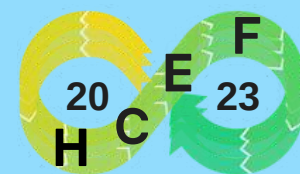

Govt. of Uttarakhand

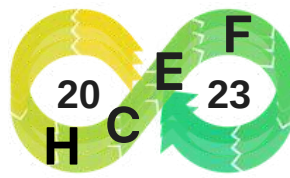

# HIMALAYAN CIRCULAR ECONOMY FORUM

**(HCEF 2023)**

Lifestyle for Environment &  
Circular Economy

# WHAT IS HCEF?

The Himalayan Circular Economy Forum (HCEF) is the annual knowledge initiative organized by ICCE. Instituted in 2022, the forum introduces Circular Economy at all levels in all industry sectors.

The first edition of HCEF in 2022 brought together thought industry leaders, heads of state and government, scholars, corporates, youth groups, not for profit sector and civil society representatives from the state of Uttarakhand. The HCEF has been recognized as a responsible and an effective platform for mobilizing opinion-makers to advance actions to address some of the most relevant issues concerning sustainable development, resource efficiency and climate change.

HCEF2023 will once again play an important role in not just providing a platform for dialogues, but also to create new knowledge outputs, where leaders from various sectors will come together and reflect upon their experiences.

Experts will share latest research and innovation in these sectors to enhance the transition from a take-make-waste economy, as per the vision of our hon'ble Prime Minister, Mr Narendra Modi.

**17th Dec'23, Sunday**

930am to 430 pm

**Organized by:**

International Council for Circular Economy

**in collaboration with**

Uttaranchal University, Dehradun

**Venue:**

Uttaranchal University  
Premnagar, Dehradun  
Uttarakhand-248007  
INDIA
